

NNPC Retail Station Wetness Across the Country

Strategic Efforts

Industry Collaboration:

Continue to sustain industry wide collaboration and drive production recovery initiatives.

Initiate and complete all scheduled facility maintenance activities in Stardeep–Agbami, Esso–Erha, Renaissance–EA, and OML 42 within the November/December window.

Production levels during the period continue to be temporarily moderate due to:

- i. Ongoing planned maintenance activities across key assets (Usan and SEPNU)
- ii. Continued delays in the commencement of operations in WAEP (OML 71 & 72)
- iii. Recent flooding that resulted in well shut-ins in OML 143

Full production recovery planned in mid December

Ajaokuta-Kaduna-Kano (AKK) Gas Pipeline:

AKK (Mainline): Additional resources have been deployed thereby fast-tracking construction activities across multiple fronts with a clear line of sight to mainline completion before end 2025.

Obiafu-Obrikom-Oben (OB3) Gas Pipeline:

OB3 River Niger Crossing: Steadily progressing requisite activities preparatory to commencement of drilling in line with the revised execution strategy.

NNPC Foundation Public Impact Initiatives

Empowering the Next Generation: NNPC's Financial Literacy Drive Reaches over One Million NYSC Members

- The Financial Literacy Program, aimed at ensuring youth financial inclusion and entrepreneurship for the 2025 Batch B Stream 2 NYSC Corps Members, was successfully conducted on Sunday, 28th September 2025, via online streaming, with NNPC Foundation's Management physically present at the FCT Orientation Camp in Kubwa. A total of 69,924 participants across the 36 states and the FCT were trained, bringing the cumulative number of Corps Members trained under the program to 1,000,538.

Note

- All production, sales and financial figures are provisional and subject to reconciliation with relevant stakeholders.
- * Reflects aggregate of groupwide revenues including intercompany transactions.
- ** Includes adjustments to cost of sales and income tax.
